ALDERMEN HAVE CLASH IN COMMITTEE

Driscoll and Livingstone Provide Investigating Board With Fireworks

WERE LOOKING INTO ALBERTA AVE. BLUNDER

Engineer Admits That Responsibility Rests Entirely With His Office Men

Aldermen Livingston and Driscoll provided an exciting moment at a meeting yesterday when a committee appointed to inquire into the error in paving street car tracks on Alberta Avenue, and to report a recommendation into the methods of the construction department suddenly adjourned and all present, save the chairman, a wrathful alderman, who stared at each other across the committee table and said nothing.

Alderman Livingstone had just finished moving his resolution in which a recommendation was made to the council that the construction department be re-organized and control under a separate and competent supervisor. At first, it was the general direction of the city engineer.

Ald. Driscoll Starts Troubles.

Alderman Driscoll demanded something about Alderman Livingstone and the engineer.

Alderman Livingstone promptly flared up. "You are contemptible," he shot at Ald. Driscoll.

"I am not the whole lot," retorted Ald. Driscoll, with a very intense expression.

There was a moment of dead silence. "Then you make me sick," said Ald. Livingstone.

"And I don't give a damn what I make you sick with," retorted Ald. Driscoll.

Then somebody said, "Here's got

and the committee proceeded to act, and the meeting adjourned.

Alderman Livingstone had re-inforced a statement to the effect that it was absolutely necessary to get the construction department under a competent supervisor, as the system in vogue today "is for our commissioners to go around on us and tell us 'done.'

Court of Inquiry.

"We are here as a court of inquiry and we are going to get to the bottom of this," interrupted Ald. Driscoll.

"It is true, nevertheless," retorted Ald. Livingstone.

"I have been proven conclusively to have been in the case," added Alderman Cader, another member of the committee.

The enquiry into the Alberta Avenue blunder itself did not take much time. Cader, who was in charge of the work, said that the entire responsibility for the error rested with the office men of his department. The error would cost about \$10,000, he said.

This would be taken out of a contingency or emergency fund, out of this year's budget.

"It would be impossible to expect a large department such as ours to make up a fund and the city can't do it, and the members of the committee agreed.

Should Be Separate.

The committee, however, concluded that it would be better to have the construction department entirely separate from the engineering department.

If the civic construction department was able to put to better prices for construction work, the city hall, the police, the engineer's department as any other contractor doing work for the city.

Driscoll, however, felt it would be removed to a large extent if the construction department was separated from the engineering department, and it is probable that at this evening's meeting of the council the commissioners will be instructed to report on the matter.

SASKATOON FLAG INCIDENT ENDS; BULLDOG RETURNS

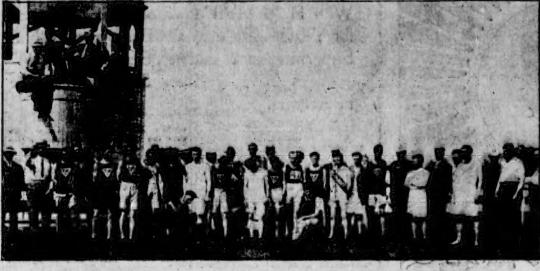

Neither That Break Up Regiment, the Offending Member of Band Was Impeached.

Saskatoon, Aug. 4.—As the 11th of the 165th Fusiliers, who was discharged from the regiment for his conduct in the flag incident, was from a young lady and trampled it under foot has again been taken on the strength of the band.

Major Dulmage, who discharged him, has issued a regimental order to the band that it is to be sent to the band that Hill has complied with the requirements of discipline.

The fact is the master is that the head of the regiment had decided that to avoid the possible break up of the regiment it was better to compromise. Hill stoutly held out against an apology which was demanded.

Competitors at Police Athletic Meet on Saturday

Those who took part at the annual police sports held at the Exhibition Grounds on Saturday afternoon. Four Provincial records and one Canadian record were broken on this occasion.

BIG FIRE THREATENS ENTIRE DESTRUCTION OF ATHABASCA

A telegram received by the Bulletin at four o'clock this morning says that the town of Athabasca Landing is threatened with entire destruction by a fire which broke out shortly after midnight. When the word was received by the Bulletin it said that the Canadian Bank of Commerce and many of the principal buildings were burning, and the wind which was then rising threatened the entire destruction of the town. The cause of the fire was not stated.

Civic Officials Do Not Know Amount of Embezzlement

Mayor Inclined to Believe That They Are Much Larger Than Amount Stated by Supt. Caldwell—Report Will Probably be Submitted to Commissioners Today

Just how much money has been embezzled from the telephone department, is a question that is troubling civic circles today. That systematic robbery of the department has been carried on over a period of some three years was discovered by Supt. Caldwell and his assistants during their examination of the books. Estimates of the amount stolen vary greatly. Yesterday it was stated that it was known that at least \$6,000 was missing, and it was believed that the total might even reach some \$20,000.

Major Short stated last night that Superintendent Caldwell had told him that in his opinion the defalcations would not exceed \$500. The mayor appeared rather inclined to believe that the total would be much greater than this, and other in the central offices did not hesitate to say that before the tangle was straightened out the total amount lost would go into the tens of thousands.

It is probable that Mr. Caldwell will have a full report on the matter ready for the commissioners today. This will set up to the city council and an investigation of auditing methods will probably be ordered, as one of the inexplicable things in connection with the tangle is said to be the fact that Superintendent Caldwell found some \$40,000 on the books in accounts that were in arrears.

From what could be learned at the telephone department yesterday two or three former employees of that department are under suspicion in connection with the embezzlements. One of these left about a month ago without saying he was resigning, went out of the city and has not been heard of since. (Continued on Page Two)

TO INSIST ON THREE CENT FARE IN DETROIT

Mayor Submits Resolution That This Fare Only be Paid

By Bulletin Leased Wire.

Detroit, Aug. 4.—The franchise committee of the Detroit common council today unanimously approved a resolution by Mayor Murphy calling on the police to refuse to pay more than three cent fare on local street car lines where franchises had been granted to the streetcar company that have expired.

The street railway company, however, has expressed its desire to remove the fare.

Information, reached Murphy, that a man who had been a passenger in the car of the streetcar company, had been beaten by the two men entered the yard, Roseton in the lead. They had proceeded but a few feet in the yard when one of the men, who was receiving an ugly knife wound in the heart, fell to the ground.

The action of the council practically brought to a crisis a dispute between the streetcar company and the council, which has been bitterly contested for several months.

Local miners, however, are in the majority in the city.

Police Commissioner Gilligan, and other members of the council today would board street cars Thursday and offer three cent fares. The former rail road company must either accept the rate fixed by the city or cease operation.

UNKNOWN MAN KILLS AND WOUNDS IN MONTREAL

Was Trespassing in Stables and Slabs Men Who go to Put Him Out

By Bulletin Leased Wire.

Montreal, Aug. 4.—Robert Holston, a stable boy, was killed yesterday in a stable through the body and hand.

Mullin, a master carter, is in a serious condition in the general hospital and an unidentified trespasser on Mullin's property in Point St. Charles shot him when he was told who he was.

Information, reached Mullin, that he was on a charge of murder.

Information, reached Mullin, that a man who had been a passenger in the car of the streetcar company, had been beaten by the two men entered the yard, Roseton in the lead. Fatal Accident at St. Jean, on Island of Orleans, Near Quebec

COTTAGE HOME WAS DESTROYED

Woman Visiting and Crippled Girl Rescued by Father of Family

By Bulletin Leased Wire

Quebec, Aug. 4.—Seven lives were lost by fire which totally destroyed the village home of Joseph Paquet, who lives on St. Jean Island off the Island of Orleans.

The victim, Mr. Paquet, 46 years old, died yesterday morning. His wife, Leontine Paquet, aged 20; Marie Louise Paquet, aged 20; Emma Paquet, aged 18; and Leontine Paquet, aged 13, infant, died 4.

The injured are: Mr. Paquet, severely burned; Mrs. J. LaPointe, quembed; and a baby, 10 months old.

It is thought in the case of Mr. Paquet the injuries will prove fatal.

The Paquets, and with Leontine Paquet a crippled girl, 12 years old, were the only survivors. A large camp fire was burning when a light went off at four o'clock this morning and started the fire.

The building was a wooden cottage.

It is thought in the case of Mr. Paquet the injuries will prove fatal.

FAR REACHING FREIGHT RATE REDUCTIONS

Express Companies' Receipts Will Be Out Approximately \$26,000,000

NOTABLE REFORMS IN ALL RATES

900,000 Different Rates Will Now Be Reduced to 650,000

Washington, D.C., Aug. 4.—Reductions in express rates, which will cost the companies fully \$26,000,000 a year, approximately sixteen per cent, of their receipts, were adopted yesterday by the Interstate Commerce Commission to become effective on or before October 1. The reductions, which are practically all rates, have been ordered.

Freight Rates Cut.

The most important changes prescribed by the order is by way of modification of the present standard rates. These rates, which are the highest round rates for short distances either have been left unchanged or slightly increased, or in some cases they have been lowered; for fifty pounds or less, all rates practically have been reduced. For distances more than five hundred pounds going more than 200 miles and less than 2,000, the new express rates are generally increased. For distances of 2,000 miles or more than 2,000 miles the rates are practically the same.

The report and order of the commission prepared by Commissioner John H. Tamm, vice-chairman in charge of the findings of former Commissioner Franklin K. Lane, new secretary of the interior, by prescribing the new rates, which are 2,500 square miles as originally proposed by Mr. Tamm, and which were first published by the express companies will be reduced to less than \$6,000,000. The Interstate Commerce Commission believes that the system is the way to a solution of the existing maze of freight rates.

The most important impression in all quarters is that the express companies will be compelled to take legal measures to defend their rates, at the extent that in case of shipments of perishable property consisting of two more packages, the bill of lading must be attached to only one packet.

The express companies, said Bleed stated, will be compelled to lose revenue under the proposed rates would be intolerable. The increased rates, however, will not be paid by the parcels post but defrayed them of their third per cent. of the revenue they formerly received from parcels of eleven pounds or less. The report said that the express business could not survive the losses from both sources.

MORE DEATHS LIKELY FROM PIT EXPOSITION

Only Survivor is in Dying Condition
—Two Others May Be Alive.

Pottsville, Pa., Aug. 4.—Fifteen persons, the only survivor of the East Broadacres colliery accident which resulted in the death of 19 persons is in a dying condition at his home in Orwinton today.

Daniel Farley and John Pender, fire bosses are still missing, and the third man, John McNamee, is in a piece.

About eight hundred feet from the scene of the explosion a note in cloth was found written by Farley which was to the effect that he had gone up to the roof to light a match that was within inches of the explosion.

Winnipeg Mystery.

Winnipeg, Aug. 4.—Sustain Kuchinski, for whom the police have been searching for the city since the murder of Mrs. David P. McLean, 500 Main avenue, Friday morning, walked into the police station at seven o'clock last evening. Mrs. McLean, Mrs. Kuchinski, Mrs. Feinstein, a former servant girl, and was placed under arrest, but was released a few hours later after proving an in the dark as to the perpetrator of the crime.

Plan Capture of New York City

Battleships of United States Start
Maneuvers to Test Army's
Strength

Newport, R. I., Aug. 4.—Eighty-eight war battleships, the most powerful fighting craft in the United States navy, steamed out of Narragansett Bay this morning, bound on the theoretical destruction of the fortifications guarding Long Island Sound. Their purpose was to open the way to the ultimate capture of New York City.

The low-slung, close and the threatening, white walls of the fortifications, the movements of the fleet from the arm, which is manning the coast defenses along the coast.

About 13,000 officers and men of the battleships are on board. The real test, however, is the arm in its work of defense. The decisions of the umpires will not be made public.

ARGENTINA'S GREAT WARSHIP.—The Nivadava, the largest battleship afloat, has been launched recently at Quincy, Massachusetts.—She is 535 feet long, displaces 38,000 tons, and is built for the Argentine Republic, South America.

Traffic Road on High Level Will Take Three Months Yet

City Commissioners Wax Indignant at C.P.R. Delay in Completing
Traffic Road on Big Bridge—Nearly Half of the Deck
Has Still to Be Constructed

We were sent on the bridges the other day, and we know just what is being done, it will be three months before it is ready for traffic, and the bridge will be a long time in being completed at the regular meeting of the city commissioners yesterday. There is no reason for the traffic deck to be left incomplete.

The indignation of the commissioners was aroused by a letter from C.P.R. president, Mr. G. E. Wood, in which he pointed out that it would probably be six weeks before the steel railway would be ready for traffic, and that it would not be at least the first of October before the traffic deck was ready.

Owing to the slow rate of progress,

PURE BRED CATTLE FOR THE EXHIBITION

Twenty-four Head of Finest Dairy Stock Being Sent From Provincial Government's Demonstration Farm—Several Breeds Represented.

Through the courtesy of Hon. J. E. Marshall, minister of agriculture for the province of Alberta, twenty-four of the finest dairy and stock cattle from five of the government demonstration farms will be exhibited at the exhibition in October.

Alberta will be the assenting of these different breeds, as opportunity to those interested, to study the breeds of each of the breeds represented.

This exhibit will be under the personal supervision of Mr. C. C. Anderson, superintendent of demonstration farms in Alberta, and each will be represented by a representative of the herdman from each of the respective farms. The agriculture department will be in charge of the exhibition with the exception of which will be for the best groomed herd, and the other four for dairy competition.

Alberta will be the assenting of these different breeds, as opportunity to those interested, to study the breeds of each of the breeds represented.

This exhibit will be under the personal supervision of Mr. C. C. Anderson, superintendent of demonstration farms in Alberta, and each will be represented by a representative of the herdman from each of the respective farms.

The agriculture department will be in charge of the exhibition, as well as affording an opportunity to those interested, to study the breeds of each of the breeds represented.

So far as the breeds of the different breeds have proven to be, the methods of handling them so satisfactorily that it is expected these will be the best in the show.

Alberta will be the assenting of these different breeds, as opportunity to those interested, to study the breeds of each of the breeds represented.

Bank Clerk Arrested.

Brandon, Man., Aug. 4.—W. A. Stabler, former bank clerk here, was remanded in custody today until Wednesday morning, when he is to be arraigned on a charge of obtaining \$2,000 by false pretenses. The prisoner was arrested in Winnipeg.

LIBERAL RALLY FOR THE SOUTH SIDE

A Grand Liberal Rally will be held in the South Side Library and Community Room on the new Douglas Avenue, Wednesday evening, August 7, at eight o'clock. Hon. J. A. M. Thompson, minister and J. M. Douglas M.P. The speakers will be in attendance, and an orchestra will be in attendance. All Liberals are cordially invited to attend.

Some Surprises English Cricket

Kent, Regarded as Champions,
Sustain Defeat at the Hands
of Essex

London, Aug. 4.—The greatest surprise of the week end's cricket was the defeat of Kent by Essex after a most exciting struggle. The visitors, who were regarded as this year's champions, were defeated by forty wickets. The visitors, who were beaten by Humphreys 131, Seymour 55, McLean (Essex) retired with 80 and Freeman 65.

Yorkshire beat Hampshire by 183 runs, Kilner and Wilson, of the former team, made 122 and 111 respectively. Hon. L. C. T. H. H. made the highest score for the Hampshire eleven, making 93. Stone scored 65. In the match against Sussex, while at Dundee, Scotland drew in the match against Northamptonshire. The latter, however, declared in the second innings at 222 for two wickets.

WARSHIP LEAVES ON VISIT TO VICTORIA

New Zealand Will Spend the Next
Five Days at Victoria—Gives
Its Largest Lumber Mill in Canada
Near New Westminster.

By Bulletin Leased Wire.

Vancouver, Aug. 3.—Yesterday and today have been hours of great activity for the officers and men of the naval force here. The former were present in numbers, and the latter, who are the men of the fish cameras in actual operation.

A fine program of land and sea sports was arranged for the affair, being attended by about ten thousand persons. Today the officers were the guests of the British team at Indian River, and there Major B. G. Ross, his farewell of Captain Halley and his officers.

On paying his first visit to the ship, the mayor took a large number of beautiful bouquets and it required a number of men to help to convey the flowers to the New Zealand. The warship leaves at noon today for Victoria, where she will spend five days, after which she will sail for ports of North and South America.

Profile From Dominion Zinc.

Brandon, Aug. 2.—Between \$50,000 and \$60,000 a week was made at the zinc refinery, according to information gleaned here this morning. The meeting of the directors is to be held this afternoon, at which a statement will be issued.

PROSPERITY AND BUSINESS DISCUSSED

Democrats and Republicans, Econ. Over. Outlines—Consider Who's Schedule of Tax Bill and Make Previews on Metal Schedule.

Washington, Aug. 4.—Democrats and Republicans in the Senate faced today over prosperity and the best method of dealing with the women schedule of the tariff bill at length and made some progress on the metal schedule. Senator George H. Rauch, a leading member of the Republicans, asked why, if they were so anxious of the result they did not bring the bill up to the Senate and let the country for a test.

"We shall continue to demand," replied George, "but we have had many a reason that perhaps may aid the people in understanding the situation when the effect of this bill is felt."

Senator Meyers, of Montana, in a lengthy speech, of the whole debate, declared that the men of his party deserved the favor of the men of the West favored free raw wool and that a century of protection had failed entirely to develop the wool industry in this country. His speech led to a general discussion of shoddy and wool, particularly the wool of the West, and Senator Speer, for the Republicans, and Senator Meyers, Walsh and Martine for the Democrats.

When the metal schedule was taken up, Senator Stone in charge, Senator Cummings, of Iowa, submitted a bill, and the Senate voted to make it available. Many free-listed articles in the Underwood-Simmons bill, including pig iron and blast furnace products.

On the metal schedule, Pennsylvania questioned the wisdom of the bill, and the finance committee in putting iron on the free list. He said he had not much of an idea of the metal schedule, but the Democrats seemed to have determined to pass it as it stands, although manufacturers were it depends, and the metal schedule includes pig iron. In Pennsylvania, he added, there were 170 blast furnaces and 100 rolling mills, and the metal schedule would be a great help to the United States Steel Corporation.

A committee of the Senate from the West, in their report, recommended that the metal schedule be made to meet the needs of the West, and Senator Reed, was China, who already submitted a bill, and the Senate voted to make it available.

Senator Cummings submitted a bill, and the Senate voted to make it available. The bill, however, was not passed, and the metal schedule was adopted.

When the metal schedule was taken up, Senator Stone in charge, Senator Cummings, of Iowa, submitted a bill, and the Senate voted to make it available. The bill, however, was not passed, and the metal schedule was adopted.

Senator Thomas, of Connecticut, declared that pig iron produced in this country last year was valued at one hundred and eighty-five million dollars, and that exports were less than 100,000 tons. As to Chinese pig iron, Senator Thomas said there was no present prospect of serious competition.

HOLD CONFERENCE OVER EXPOSITION

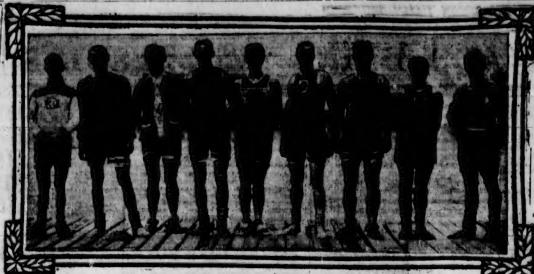

Great Britain's Decision Not to Exhibit in Panama-Pacific Exposition to be Announced at Week-end Meeting in Dublin, N. H.

Dublin, N. H., Aug. 4.—Great Britain's decision not to participate in the Panama-Pacific Exposition was announced yesterday by Sir George C. Cecil Spring-Rice, and his week-end guest, Dudley Field Malone, third assistant secretary of state of the British legation.

Mr. Malone arrived Saturday. Regarding his conference with the ambassador, he said: "Mr. Spring-Rice and the state department is concerned with the Panama-Pacific Exposition. I am here just as a week-end guest. I think it is no more unusual for an ambassador to have such an ambassador as it is for a statesman to be a visitor to his residence."

He understood that an effort will be made to influence the British board of trade to reconsider its decision not to exhibit. His views are based on a feeling that the probable benefits to be derived from the exposition did not offset the expense of taking part in it.

It is understood that Mr. Malone will visit the same conference at Newark, and a similar conference, as Russia has already announced an intention not to share in the exposition while Germany is disposed to follow the lead of England.

DON'S JUNIOR EIGHT—From Toro into, contenders for the Junior eight championship at the Canadian Henley.

WINNIPEG GRAIN MARKETS

By ELMER LEEDS, Winnipeg, Aug. 4.—Wheat values were influenced by the strong corn market during the early hours, but later reports of rain in the corn belt again turned the market again to winter barley's figures.

Chicago corn fluctuated wildly, with the market's business being 2-1/2 to 2-1/4.

Winnipeg wheat opened 1-4 to 1-2 bushels and closed 1-8 lower to 1-8 higher.

Minneapolis opened 5-8 to 3-4 higher and closed unchanged to 1-4 higher.

Liverpool market was closed the holidays and the continental market.

Paris closed 1-4 higher, Madrid 1-8 higher, Antwerp 2-8 higher and London 1-2 higher.

The cash demand for wheat was fairly good for the early trade and offered a little better for the late market. Exports are still out of line.

Cash prices closed unchanged to 1-4 higher for contract grades.

Wheat were steady, while flax was stronger.

Cash oats closed unchanged to 1-4 higher.

The cash demand for oats was fairly good for the early trade and offered a little better for the late market.
